University of Southern California,

Opposer,

v.

University of South Carolina

Applicant.

Opposition No. 125,615

Serial Nos. 75/358,031

Mark: SC (Stylized)

Filed: September 16, 1997

Published: January 11, 2000

**Stipulation To Re-Open Testimony Periods Solely to Admit Declarations of Becky Fote and Donna McMillian Subject to Objections by South Carolina.**

WHEREAS, the testimony period in this matter closed on or about June 25, 2006, the final reply brief in this matter was filed on or about December 15, 2006, and the matter has been set for oral argument on September 18, 2007, and

WHEREAS, on or about January 30, 2007, Opposer University of Southern California ("California") received a product approval form from New Era Cap Company ("New Era") which used the stylized "SC" mark at issue in this matter in connection with a proposed product for California, and

WHEREAS, California contends that this is evidence of actual confusion and of particular relevance given New Era's position as a vendor for both parties and California's view that actual confusion was difficult to identify given (a) the uncertainty about the extent (if any) of meaningful concurrent use, (b) the low dollar value of the products bearing the marks and (c) the number of layers between the ultimate consumer and the parties at issue, and

WHEREAS, California promptly brought this evidence to the attention of Applicant University of South Carolina ("Carolina"), and California therefore believes that the standards identified in T.B.M.P. § 509.01(b)(1) to re-open the testimony period have been met, and

WHEREAS, Carolina denies that this is evidence of actual confusion, and further denies California's view that actual confusion would be difficult to find if it did exist. Moreover, the declarations cannot be evidence of mistake because the declarant, Ms. Foote, is not familiar with either university's marks and has no knowledge of why she made the selection that she did. Additionally, Carolina asserts that, if admissible, the evidence would be of minimal value under any circumstance because Ms. Foote is not in the target market for either institution, and

WHEREAS, the parties both seek to avoid burdening this Board with avoidable motions or briefing, and the parties believe that the Board can appropriately weigh the value of the evidence without further motions practice relating to this evidence or further briefing on the matters already full briefed, and

THEREFORE, on or about March 1, 2007, the parties agreed to stipulate to reopen the record in this matter for the sole purpose of admitting the attached declarations on this topic, and the parties have diligently sought the cooperation of New Era but a death in the family of counsel for New Era and other logistical matters have significantly slowed New Era's ability to provide the declarations, which counsel for California and Carolina received only at the beginning of August, 2007; and

THEREFORE, the parties STIPULATE and AGREE to REOPEN the record in this matter for the sole purpose of admitting the declarations from Becky Fote and Donna McMillian submitted herewith, and

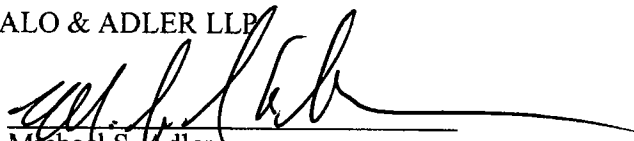

THE PARTIES FURTHER STIPULATE and AGREE that no further briefing shall be required or permitted at this stage in connection with these declarations, and

THE PARTIES FURTHER STIPULATE and AGREE that the admission of this evidence does not constitute any concession by Carolina that the evidence is relevant; that Exhibit B to the Foote declaration is admitted solely in support of paragraph 12 of her declaration and is not otherwise evidence in this matter; and that Carolina has submitted a proper and timely objection to this evidence under TMBP § 707.03, objecting to the affidavit of McMillian on the grounds of relevance because its only purpose is to seek admission of an email passage which constitutes hearsay; and Carolina further objects to the affidavit of Foote on the grounds of relevance, foundation and speculation since Ms. Foote admits that she has no recollection of the situation and is not familiar with the logos of either team. Subject to Carolina's objections (which are not waived), the Parties agree that the evidence is otherwise competent.

vs.

Opposition No.: 91125615

THE UNIVERSITY OF SOUTH CAROLINA

Applicant.

**DECLARATION OF BECKY FOOTE**

BECKY FOOTE, under penalty of perjury and pursuant to 28 U.S.C. § 1746, declares that the following is true and correct:

1. I am an employee of New Era Cap Co., Inc. ("New Era").
2. New Era is a manufacturer of headwear and is licensed to manufacture headwear using the University of Southern California's trademarks and the University of South Carolina's trademarks.
3. I have been employed by New Era since May 2004. My title is Assistant Product Designer – European Liaison.
4. My job duties include creating new cap designs for the international markets and for the urban markets.

5. My job duties do not include creating cap designs for colleges or universities and do not include creating specification sheets for cap designs depicting college logos or trademarks.

6. Typically, I create a cap design and layout, and then my design and layout is transferred to a Production Artist who takes a cap design and layout and creates a specification sheet depicting images of the cap design with variety of licensed logos.

7. At some point, I created a college cap design specification sheet for the Magic Fall 2 2007 College Booking Program. The cap design was called "Myriad."

8. To the best of my knowledge and recollection, the Myriad design was created in the Spring of 2006. Later, when it came time to introduce the Program into the market, I was asked to amend the specification sheet to add college logos that were not initially included in the program.

9. I have learned that the college Myriad specification sheet I created shows an interlocking University of Southern Carolina SC logo with the University of Southern California USC logo. The interlocking SC is labeled as the USC Trojans. A copy of that specification sheet is attached as Exhibit A.

10. I was first made aware of the error in February 2007 after the proposed cap design was submitted to the University of Southern California for approval. The University of Southern California's license associate informed our design approval team that the wrong logo had been used. I subsequently modified the specification sheet and replaced it with the USC logo.

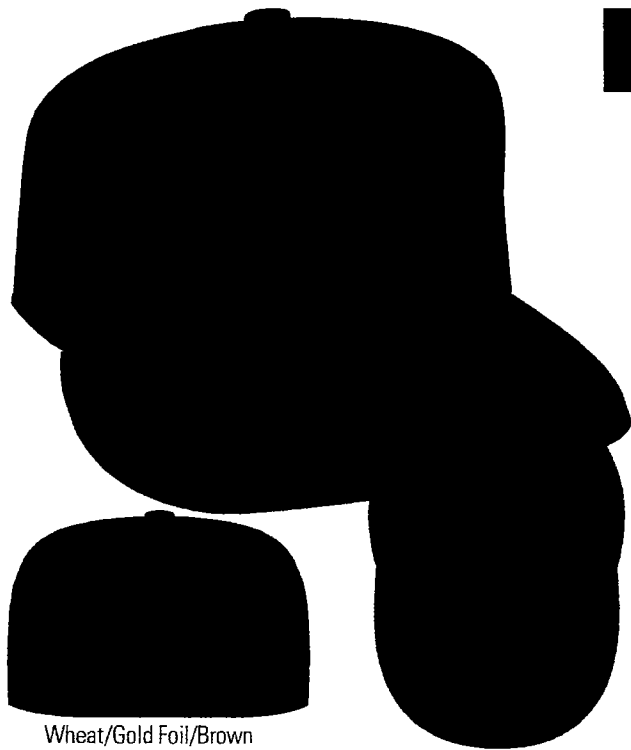

11. I have no recollection of selecting the SC logo and no knowledge as to why I selected the University of South Carolina SC logo for a University of Southern California cap. I was not familiar with the logos of either team.

12. I have subsequently reviewed our design database to determine if any of the University of South Carolina logos were stored in the University of Southern California folder. They were and are not. The University of South Carolina logos are stored in a folder labeled "South Carolina" filed under the letter S, and the University of Southern California logos are stored in a folder labeled "USC" filed under the letter U. A screen shot showing the database is attached as Exhibit B, along with screen shots and print outs of the logos filed and saved in New Era's design database as University of South Carolina logos and University of Southern California logos.

3/22/06 --Per Marge in art approval:

**The trojan logo CANNOT be run on the same cap as this Athletic Mark (interlocking SC).**

PLEASE make a “mental note” of this --  
(keep this page for a while)--  
and I will add a ‘left margin note’ on the CTO  
specs for these affected logos.

THE UNIVERSITY OF SOUTH CAROLINA

Applicant.

**DECLARATION OF DONNA MCMILLAN**

DONNA MCMILLAN, under penalty of perjury and pursuant to 28 U.S.C. 1746, § declares that the following is true and correct:

1. I am an employee of New Era Cap Co., Inc. ("New Era").
2. New Era is a manufacturer of headwear and is licensed to manufacture headwear using the University of Southern California's trademarks and the University of South Carolina's trademarks.
3. I have been employed by New Era since February 1991. My title is Approval Administrator.
4. My job duties include submitting cap specification sheets that depict licensed logos on New Era cap designs to the trademark owners for trademark and logo usage approval.

5. On January 30, 2007 I submitted a New Era design entitled MYRAID for approval to the University of Southern California Trademark and Licensing approval department.

6. On January 31, 2007 I received an email from Liz at the University of Southern California stating as follows: "I have a huge favor to ask regarding this submittal. Can you shoot me a quick email to help us understand the process through which the wrong SC was placed with our USC Trojans mark? It would be very helpful to us to know a little bit more about how this came about."

7. On February 8, 2007 I responded by stating: "I had passed your concerns on to another Dept. to look into how this logo was requested to be created for a design. I know we have not used or seen this tape since this was going way back on your earlier years slick sheet. Designer may have been looking at the idea of a throw back creation to create this program and found it in an old catalog?"
